A799

TPG Point-of-Sale Receipt Printers

Unique Selling Points

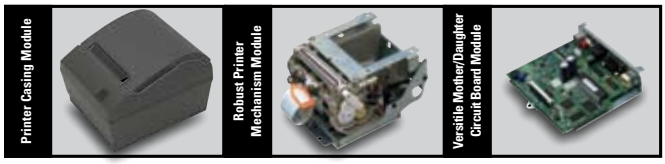
Top of Class Print Speed

With print speeds up to 250 mm/sec, the A799 printer is truly best in class. You can expect ultra fast transaction times and greater customer satisfaction. Footprint 266 sq. cm.

Rugged and Reliable Design

A799 features a full steel modular frame built around TPG's legendary, rugged print mechanism. The steel frame adds strength and stability, extending component life. Combined with TPG's exclusive, self-sharpening ceramic knife, A799 offers the industry's best combination of printhead and auto cutter reliability.

Versatile Modular Configuration



The modular design allows for flexible manufacturing systems. As a result, TPG customers get faster delivery and the best price/performance value in POS printers. A799 is backwards compatible with previous TPG models and many competitive printers.

Ease of Use and Versatility

The A799 is designed with versatility and convenience in mind. The printer offers Monochrome or Two-Color printing settings, a small footprint, easy paper loading and sizable flash memory for stored logos, graphics and barcodes. TPG's new installation CD gives the choice of fast and easy basic installation or sophisticated custom installation options.

Increased Spill Resistance

The A799 is designed to withstand actual POS environments. The printer features a liquid dam and unique drainage features for uninterrupted printing.

Expanded Marketing and Customer Loyalty

ReceiptWare™ Receipt Marketing Software turns every receipt into a promotional opportunity. Add store logos, offer promotions, highlight sales items… the options are endless.
